## COMPETITION STIFF FOR PRIMARIES

Nine candidates - five Republicans and four Democrats - are competing to become the Representative for the 18th District in the Massachusetts House of Representatives. The seat was left vacant by the death of Charles Wilkinson of Reading.

Polls will be open on Nov. 19 from 4 p.m. to 8 p.m. at the High School Cafeteria. The results of the primaries will determine the Republican and Democratic candidates. Final elections will take place on December 10th.

The 18th district consists of all of Woburn except one ward, Reading, No. Reading, and Wilmington.

Republican candidates are: James E. Calvin, Reading, John P. Collins, Reading, Arthur J. Gorrassi of Woburn, Stanley Roketenetz of Woburn, and Clarence E. Wedge of No. Reading. Democratic candidates are: Thomas B. Donahue, Albert B. Carlson, and Vincent Nash, all of Woburn, and Joseph Brawley of No. Reading.

### HUNDREDS TURN OUT FOR DEDICATION

Hundreds of spectators turned out on Veterans' Day to the dedication of the High School Athletic Field, where they heard the dedicatory program and watched Wilmington defeat North Reading 20 to 13.

Brevity was the key-word, as Mr. Bernard McMahon, principal of the High School, expressed

### METHODISTS LAY CORNER STONE

With appropriately impressive ceremony, the corner stone of the new Methodist Church was laid on Sunday afternoon. Over 500 members and friends of the church participated in the services in which Bishop John Wesley Lord gave the main address. The laying of the corner stone culminated 8 years' work by the parishioners of the church. The contract for the new building which will replace the 75 year old present church is \$130,000. Of this sum, \$80,000 has already been raised, \$40,000 by the local church; was contributed by other Methodist churches in the New England Conference. Included in this contribution was a gift from the Melrose Church of \$5,000 and one from the Milton Church of \$2,000. The remaining \$50,000 was raised by a ten year mortgage, with the Methodists' National Board of Missions in Philadelphia.

In his address, Bishop Lord expressed the hope that with the newly acquired leadership which the Russians have demonstrated in the field of science, the Russians would also acquire a sense of responsibility. He chided Americans for their hysterical reaction to the Russian achievements.

The building committee which is responsible for the plans

### DR DeBARCELLOS PASSES AWAY

Dr Manuel A. De Barcellos of Ballardvale St., No. Wilmington died at the New England Baptist Hospital on Nov. 11th after a comparatively short illness. A Solemn High Mass of Requiem was held at St. Thomas Church this morning. Dr. De Barcellos is being buried in the Wildwood Cemetery.

He is survived by his wife, Felismina, by a son, Mr. Frank De Barcellos of Cambridge, and by two daughters, Mrs Mary McKaba and Mrs Adeline DeCosta, both of this town. Dr. De Barcellos was 65 years of age.

Dr. De Barcellos was born in the Azores of Portugal. He got his medical degree in Kansas University. He practiced in Cambridge and Somerville prior to his coming to Wilmington two years ago.

### SCHOOL CONTRACT NOT YET AWARDED

No official decision has been reached by the Elementary School Building Committee with regard to awarding a contract for the Glen Road School. To date, the town is holding three deposit checks of the three lowest bidders, none of whom has been rejected. The award will be made when funds become available, within the thirty day period prescribed by law, and with the advice of the Town Counsel.

A Special Town Meeting will be held Nov 25th. The Building Committee expresses an earnest wish that the townspeople be present in order that construction may be started.

### DR FAGAN RESUMES PRACTICE

Dr. Gerald R. Fagan of 43 Clark St has resumed his practice after a six week trip by automobile to California. Dr. Fagan 'did the works' on his trip, visiting the Grand Canyon, the petrified Forest, the Painted Desert and Colorado Springs as he took the northern route to California. He returned by the southern route.

Mrs Fagan accompanied the doctor, and they visited a son and a daughter during their trip. They returned on Nov 6th.

### WILMINGTON BEATS NO. READING

The Wildcats had their ups and downs last Saturday as they beat a scrappy North Reading team 20-13. Starting off as though they were going to smother the visiting club, the Wilmington eleven marched 65 yards for a quick TD on their first series of plays from scrimmage. Belting Billy Rooney personally accounted for 47 of the 65 yds, with his best carry being a 34 yd. jaunt a-

### N.E. GAS ARTICLE WILL NOT BE IN TOWN WARRANT

The proposed article, for the Special Town Meeting, to change the Zoning Laws so as to allow for the erection of gas manufacturing plants anywhere in an Industrial Zone in Wilmington was not included in the Warrant for the Special Town Meeting of November 25th.

According to law 200 signatures are required before such an article must be included in the Warrant for a Special Meeting. An article with less than the required number of signatures can be included if the Selectmen so choose, and thus become a 'Selectman's Article'.

A number of the signatures submitted for this article were challenged by the Board of Registrars.

The Selectmen felt that, in view of the controversial nature of the proposal they should not be put into the position of sponsoring it in a Town Meeting.

### TOWN HALL TO BE OPEN NEXT MONDAY EVENING

Because of the holiday and the coming Special Town Meeting the Town Hall has not and will not observe its regular custom of being open on the second and fourth Mondays, in November.

To compensate, the Town Hall will be open for business next Monday evening from 7 to 9 PM.

### B & M OFFICIAL TO ADDRESS WILMINGTON GRANGE

OSCAR G. BENSON, ASSISTANT ENGINEER, MAINTENANCE OF WAY, BOSTON & MAINE RAILROAD, AND A MEMBER OF THE RAILROAD COMMUNITY COMMITTEE OF GREATER BOSTON WILL ADDRESS THE WILMINGTON GRANGE 268 NEXT WEDNESDAY EVENING, NOVEMBER 20TH.

HIS SUBJECT WILL BE PRESENT REGULATIONS OF THE TRANSPORT INDUSTRY, ITS EFFECT ON PEOPLE EVERYWHERE AND WHAT CAN BE ACCOMPLISHED FOR THE FUTURE.

## LET THE PEOPLE SEE THE PLANS

The plans for the new school must be, by  
this time, completed. A number of firms has  
bid for the construction of the building. These  
firms must have seen the plans, or they would  
not have bid.

But the people of Wilmington have not seen  
them. They, as yet, do not know what is propos-  
ed.

The School Building Committee is asking for  
additional money, on November 25th, in the  
special town meeting. State officials have ob-  
jected to this extra money. Perhaps these State  
Emergency Finance officials are wrong, and per-  
haps they are right. We do not pretend to  
know, but we think the average citizen should  
have a chance to see for himself.

The time has come for the School Building  
Committee to lay their cards on the table. What

we need, in this town, right now, is a look at  
these plans. It would cost the committee per-  
haps \$35 to have slides made, of the type that  
can be projected on screens. They could, in  
that way, show the voters just what they pro-  
pose to do.

And they should do this, when they ask for  
additional money at the Special Town Meeting.

## TIME FOR THYME, OR THE DECIDUOUS CULTIVATION OF EDUCATION

This paper has a rule that it treats people  
who are appointed to committees with kid gloves  
and people who are elected to committees with a  
nother kind of glove. The second type of indiv-  
idual has asked for it. He stood up and asked  
to be elected, which the first type did not.

We have always treated such committees as a  
School Building Committee very gently. They are  
composed of high minded citizens who give many  
unpaid hours to the town, and receive little  
thanks for their efforts.

But the time has come to say a few words a-  
bout the off-Glen Road School. We are mindful  
of the fact that the committee has done a lot  
of work. We are also mindful of the fact that  
the town will be paying for this school for the  
next twenty years, and perhaps paying too much.

Suppose the school costs \$150,000 more than  
it should, which is a figure suggested by the  
State Finance Committee. The interest, in 20  
years would be another \$45,000, and there would  
be a \$75,000 repayment from the state, which in  
effect would mean that our tax rate would be in-  
creased 40 cents over the twenty years.

40 cents isn't much, but the \$150,000 could  
be. We have achieved a double A rating, at a  
time when other towns are losing their single A  
rating. We cannot afford to put money into bond  
issues too freely. \$150,000 could probably  
build a Police Station and a Town Hall, or  
could go a long way towards another of the  
schools that we must build in this constantly  
growing town.

It is with these thoughts, and without try-  
ing to be harsh to the committee, we wish to  
discuss the proposed school building.

The plans for the new school encompass about  
39,000 square feet. 15,000 of this, approxi-  
mately, is for classrooms - the purpose for  
which the school is being built. Another 15,000  
feet, approximately, is for administrative and  
other purposes, and about 9,000 square feet is  
used in corridors. In other words the classroom  
space - the reason for which the school is to  
be built, is less than 39 percent of the build-  
ing.

Each of the rooms in the new school will  
have individual walls. The walls will have pol-

## ATTACKS SCHOOL LIBRARY SYSTEM

(Letter to the Editor)

Nov 9, 1957

Dear Sir:

On page 50 of the 1956 School  
Report there is a footnote  
which says: 'School Mainte-  
nance, Bonds and Interest are  
included in the Town Manager's  
Budget.' Most people automati-  
cally think that maintenance  
is part and parcel of the  
whole school system, and when  
a certain sum is voted for the  
schools that is the whole sum.

But not in this town. I don't  
mind paying for a building  
once, but maintenance of acres  
of walls, roofs and pipes un-  
til I'm a grandparent is a  
horse of a different color. As  
it is the very most money the  
town has to spend is 25¢ of  
the tax dollar on police, fire  
highways, town hall, cemetar-  
ies, library etc. Now a chunk  
comes out for maintenance of  
schools, soon to grow to a  
sizable chunk, and that is  
stretching the twenty-five  
cents pretty thin.

On page 50 the schools list  
\$2,204.59 for libraries which  
does not include the librari-  
an's pay. That library buys  
assorted books, fiction as  
well as reference books. The  
students in the high school  
building can use this library  
only so long as there is a  
school session. At 2 pm it is  
closed. You and I cannot use  
this library. Period. Students  
with homework cannot use it  
after school hours - no libra-  
rian. For some reason they  
can't use it half the time  
while school is in session.  
After all (with a maximum of  
180 days of school) a teacher  
only makes a minimum of \$3 an  
hour, straight salary with no  
overtime pay, so you can't ex-  
pect her to accommodate pupils  
with homework. Do it elsewhere  
where? Home?

Oh! Use the Town Library!  
That's the solution. Have you  
been there lately? Did you go  
in to read Miss Thompson's ar-  
ticle? Perhaps you stayed and  
browsed. This library is fast  
becoming the envy of our sur-  
rounding cities and towns. How-  
ever, on the niggardly amount  
of money they operate with it

ished slabs to the ceiling. Our High School was built with cinder block walls between the classrooms, each wall serving two rooms. This school has two walls and a corridor between each classroom.

The polished blocks which are to be part of the walls cost, we are told, \$1.05 a square foot, before they are laid. The cinder walls such as are in the high school cost 49 cents a square foot, laid in place. And, polished blocks have to be laid very very much more carefully, because of their reflective surface.

The classroom floors are to be divided into two sections. Approximately one fifth of the room, nearest the sink, is to be of terrazzo, which is to be a concrete mix with stone and marble chips, ground in place to a polished finish. The other portion is specified to be of hardwood strips, which would appear to be much more of a maintenance problem than, for instance asphalt or vinyl tile.

The brick to be used on the outside of the building appears to be of a value three times that of the Wildwood School, which we once upon a time dubbed the Cadillac School. That school, and the old High School, forty years ago, used common brick, brick which is good for many

of the new church participated in the litany for the laying of the corner stone. The building committee consisted of Mr. William Butt, Chairman, Mr. Minot Anderson, Mr. Roy Evans, Mr. Carl Bloomerth, and Mr. Malcolm Butler. Besides the pastor, Rev. Richard Harding, and Bishop Lord, others participating in the litany were Mr. Warner C. Danforth, Conference Lay Leader, Mr. Arland A. Dirlam, Architect, Rev. Willard Arnold, District Superintendent of the Lynn District, Mr. Frederick Seddon, Lay Leader, Mr. Frank Leavitt, Chairman, Building Council, and Mr. William Stickney, Chairman of the Building Fund Crusade.

Preserved in the cornerstone of the new church are the following articles: revised Standard Version of the Bible, Methodist Hymnal, Book of Worship, 1957 New England Annual Conference Minutes, two copies of Zion's Herald, first anniversary edition of 'Together', complete membership list, complete list of enrollment in Church School Annual Church Conference Report, 1957, Discipline of the Methodist Church (1956), lists of members and officers of the Woman's Society for Christian Service, chartered members of Methodist men, officers of Adult Fellowship and Youth Fellowship, choir members, Building Planning Committee, Seventy-fifth Anniversary Booklet, Building Fund Crusade materials, and pictures of the present and of the new church buildings.

A historical note of interest is that the original chapel built in 1884 cost \$1,800. That chapel, considerably enlarged, is the church which will soon be dedicated entirely to religious educational activities.

## WILDCAT SCRATCHINGS

By  
John Daly

WILDCAT SCRATCHINGS  
By John Daly

It was a beautiful day for a ballgame last Saturday, and a capacity crowd made the new field's dedication a big success. Happiest faces I saw belonged to the new Boosters Club officers, whose membership drive started off with a bang. A lot of loyal fans were sporting the handsome emblem signifying membership in the

new organization.

Boosters President Bob Hastings made sure I had put my dollar on the line, (Trusting Soul!)

Center Joe Casey did a tremendous job of backing up the Wilmington line on defence. --- Fumbles hurt No. Reading and they were caused by the jolting Wildcat tackling. --- Wilmington's powerful offensive machine is equipped with a reverse gear, it seems. In the second quarter, the Wildcats moved backwards 49 yds. in four plays. A completed pass from Munroe to Amaro resulted in a 3 yd. loss. Then Munroe was forced to eat the ball on his next two attempts, losing 30 yds. in the process. On 4th down, the Wildcats frustration was completed when a

high pass from center forced Billy Rooney to run. He was brought down on the Wilmington 16. ---Rooney was at his best last Saturday. He gave a demonstration of his great power running on his second touchdown. No. Reading was expecting him and he travelled the last six yards to paydirt with three defenders on his back. ---Joe Casey, Brian Phillips, Warren Cormier, and Co-Capt. Sawyer and Johnson deserve credit for great defensive work when the chips were down.

The final quarter was a rip-roarer as the Wildcats showed the bustle which has been their trademark. ---The kids now have a 4-3 record and I'm sure they are pointing towards the traditional game with Tewksbury on Thanksgiving Day. See you all there.

## FOR GOOD GOVERNMENT

NOMINATE CLARENCE E. WEDGE ☒

of North Reading as ONE of your Representatives from the 18th District

☆ QUALIFIED

☆ EXPERIENCED

☆ LEADERSHIP

Dear Citizens and Voters:

I am a candidate for the nomination of Representative at the special Republican Primary election to be held on November 19, 1957.

If you do not already know me, let me tell you a few things about myself and what my candidacy stands for . . .

I am a family man and father of three children. I have lived in North Reading for the past 50 years. I know the needs and requirements of the people in this District. Since 1943 I have served continuously on the Board of Assessors of North Reading, in addition to being active in civic and organizational work.

## I BELIEVE IN -

1. Sound and progressive government can only be achieved upon a healthy financial condition with emphasis on controlled expenditures and long range planning.
2. LOCAL CONTROL of our governmental agencies and the preservation of our town meeting form of government. I supported the Home Rule Bill.
3. Legislative program to ease the increasingly heavy real estate tax burden in our communities.
4. Concerted effort to bring new and selective industry into our district.
5. Legislation to eliminate the requirement that Towns first spend their own money under Chapter 81 and 90 before reimbursement by County and State.

Your support of my candidacy at the polls on November 19 will be gratefully appreciated. If you have already decided to vote for me, will you also ask your friends to vote for CLARENCE E. WEDGE?

Respectfully,

*Clarence E. Wedge*

years to come, in each instance. Tripling the cost of the brick will not make it last any longer.

The planting schedule. Our new AVCO plant is to have an interior courtyard. We too, will have ours. But AVCO will not have a planting schedule in their courtyards which will come up to ours. We don't know how many Latin-named plants AVCO will have, but it is a good bet we will beat them.

In the plans for the courtyard and the outside patio are: three Pin Oaks, one Red Maple, sixtyeight Hicks Yew, forty Japanese Barberry, sixteen Pink Rhododendru, 3850 Thyme, planted in the interstices between the blocks, seventeen Mountain Laurel, twelve Purple Rhododendrum, one Paper Birch, ten Andorra Juniper, three Japanese Andromeda, ten Azalea Yodogowa, four Azalea Schlippenbachii, five Kureme Azalea, 1206 Pachusandra Terminaus and one Big Leafed Linden

We presume this will help the janitor keep the building clean.

Benches and Coathooks. The interior courtyard is to have some specially designed hand-made benches which will cost, we are told, \$600 apiece. But these benches don't come up to the coat hooks in design. The coathooks are modeled on a beautiful sine curve, made to order, absolutely fascinating.

The kitchen facilities, too, are something. It exceeds either the Wildwood School, or the High School in area, and is enough, we presume, to take care of a mass-evacuation of Boston residents, if ever the day should come to evacuate that city. Our Civil Defense authorities will, without a doubt, approve.

The plumbing. We don't pretend to know much about this subject, other than the old New England adage of "keep it simple". The design, in this case, seems to us to be very intricate. The toilets are adequate in number, we have no fight with that, knowing little children as we do, but we think the Committee might say something about the extra toilets in one wing of the school — the primary wing.

The primary wing has a girls' toilet and a boys' toilet in each classroom, and in addition has a set of girls' toilets and a set of boys' toilets located elsewhere, for no good obvious reason that we can see. The other wing is sufficiently supplied, so that there is no need, in our belief for these toilets to take care of children from the other side.

Reinforced Concrete Roofs, individual to each classroom. We have, for some years been doing some thinking along this line. We believe that properly designed concrete roofs probably can save money. In this case we have just that, perhaps it is a wonderful thing, but we feel it should be proven, before we spend the money.

Please don't get us wrong. We want to see schools built for our children. We just believe that the people are entitled to a good look at what they are being asked to spend their money for, and if they approve, very well and good.

### VALE

We mourn the loss of a physician who was also one of the finest gentlemen to live in Wilmington in some years.

Dr Manuel De Barcellos passed away this week. Perhaps he was not too well known to Wilmington people - he had lived here only a few years and was in semi-retirement, but those who knew him agree that he was without enemies.

Dr De Barcellos, a courtly gentleman with a fine European manner, was not a person who came by his achievements without effort. A poor immigrant to this country, he became a physician only after years of work in another line, saving his money that he may study in the profession of his choice.

He portrayed, in one person, the American story of success through hard work, the tale of the immigrant who had succeeded, and still remained a man who could be proud of the country from whence he came, and the heritage he brought with him to the New World.

round right end to the N. R. 12 yd. line. Warren McFeeters almost took care of the remaining distance on an end-around dash to the one. Co. Capt. Johnny Amaro belted over on the next play, and when McFeeters P.A.T. kick split the uprights it looked like a run-away for the Wildcats.

Looks are deceiving, however, as the battling No. Reading squad proceeded to prove. Showing a versatile offense which featured a great little half-back, Charlie Carucci, the visitors came storming back to scare the daylights out of Wilmington's rooters. With Carucci leading the way, they started a march which took them from their own 30 to the Wilmington 8 yd. line. Here fortune smiled on the Wildcats as Carucci bobbled the ball on a drive through rt. tackle.

Co-Capt. Harry Sawyer made a sensational one-hand grab of the loose pig-skin to end that North Reading drive.

On the Wildcats first play from their own 8, Billy Rooney

galloped 45 yds on an off-tackle shot. No. Reading held for downs. The visitors could do nothing in three tries and then handed the Cats a golden opportunity. With 3 yds to go, on their own 32 yd line, No. Reading elected to try for the first down. They were stopped cold by the rt. side of the Wildcat line, and Wilmington had possession deep in No. Reading territory. George Munroe pulled a rabbit out of his hat as he faded back and lobbed a beauty to Billy Rooney on the three yd. line. But even Rooney isn't perfect and a combination of a glaring sun over-anxiousness caused Billy to let the ball elude his grasp.

The half ended with the No. Reading team knocking on the door once more. Gaining possession on the Wildcat 16, they marched down to the 4 yd. line. Once again, the big paw of

Harry Sawyer saved the day as he knocked down a jump pass at the gun.

No. Reading got back in the ball game early in the third period when they capped a 54 yd. drive with a fourth down scoring pass from Staff to Carucci. A fake kick for the point ended in a pass from Carucci to La Mont which made it all even at 7-7.

That touchdown was the visitors downfall, however since it shook the Wildcats out of their lethargy. Following an exchange of punts, Wilmington drove from their own 25 to the No. Reading 12, with the pile driving Rooney contributing a 47 yd. spurt to the march. Losing the ball on downs, they got a big break as No. Reading fumbled on first down, with Brian Phillips making the all-important recovery for Wilmington.

Billy Rooney scored from six yards out on second down to make the score 13-7. Boots McFeeters kick was blocked and the visitors were still very much in the ballgame.

Fumbles once again hurt No. Reading as they lost the ball on their own 47. The charged-up Wildcats, with Johnny Amaro slicing off tackle for 25 of the 47 yds on three carries put the game on ice when Billy Rooney powered over from eight yds. out. McFeeters kick was good and the Wildcats had a two touchdown lead with minutes remaining.

No. Reading came back to score a consolation touchdown against the Wilmington subs as Staff threw a pass to Carucci in the end zone. The point was blocked and at the end of a wild-and-wooly fourth quarter, the final score was Wilmington 20 and No. Reading 13.

is a joke.

The library has many periodicals, many wonderful do-it-yourself books, recent fiction and non-fiction and of course children's books. Our very excellent and wonderful school reading supervisor has recommended many books for the grammar school children to read.

These children can't use the library in the High School building. These books cannot be bought out of the textbook budget, because obviously text books is one item that can keep the whole school budget down a bit and anyhow textbooks should be thrown out and away after a year or two. So who gets stuck with stretching the dollar for the books? The Public Library.

I quite realize that the children must have books, but a big hunk of the Public Library funds for books to be circulated around the schools is going a bit too far.

Better reference books for the High School and College students are needed. I like to read too, and I don't think that I'm too unreasonable to expect that 'Texts and Instructional Aids' and 'Libraries' in the school budget should include some supplementary reading books for children. Yet every penny spent by the Public Library for such books is not added to the cost of schools.

I don't suppose even the Finance Committee knows exactly how much our schools cost us. As I said before, we're stretching the 25¢ pretty thin and at that the schools are benefitting by a good percentage of that 25¢.

Sincerely yours,  
Nom De Plume

Barrows Auditorium on Monday, the Twenty Fifth Day of November next at 8:00 P.M., to consider and act on the following articles --

ARTICLE 1. To see what amount the Town will vote to raise and appropriate in addition such amounts as have been previously raised and appropriated, in order to construct and originally equip and furnish an elementary school building on land owned by the Town on Glen Road, and determine how the same shall be raised, whether by taxation, by transfer from a available funds, by borrowing or otherwise, and to determine how same shall be expended, or do anything in relation thereto. On request of the Elementary School Building Committee.

ARTICLE 2. To see if the Town will vote to authorize the Board of Selectmen to sell to Wilmington Ford Sales, Inc or its nominees a whole or part of a parcel of land owned by the Town situated on Main Street, and determine the price at which the same shall be sold, said parcel being shown as Parcel #9 Assessor's Plat #39, and bounded and described as follows: Westerly by the Boston and Maine Railroad six hundred forty (640) feet, Northerly by the center line of Maple Meadow Brook, Easterly by Main Street one thousand seventy five (1075) feet, or do anything in relation thereto. On petition of Ronald E Shaw and others.

ARTICLE 3. To see if the Town will vote to amend the Zoning By-Laws and Map by changing from Single Residence A and Industrial Districts to General Business District the following sections of land: The land in the southern section of Wilmington, bounded as follows: Beginning at the junction of the Boston and Maine Railroad and Main Street, thence Easterly by Main Street one thousand four hundred eighty two (1482) feet, Northerly by land of Calandrello by three courses, one hundred eighty (180) feet, twenty (20) feet and one hundred-ninety (190) feet of land of the Boston and Maine Railroad, Westerly by land of the Boston and Maine Railroad one thousand two hundred sixty (1260) feet to the point of beginning, or do anything in relation thereto.

ARTICLE 4. To see if the Town will vote to amend Section III-1-B-2 of the present Zoning By-Law by inserting therein, following the words "charitable institutions" the words "Federal or State Aided Housing Projects, including multiple unit buildings," or do anything in relation thereto. On request of the Wilmington Housing Authority.

Hereof fail not and make due return of this Warrant, or a certified copy thereof, with your doings thereon to the Town Clerk, as soon as may be and before said meeting.
